

Java & Android App Development (For Ages 12 & Above)

Sessions: 1 - 48
(Page 1)

Sessions: 49 - 96
(Page 2)

Sessions: 97 - 144
(Page 3)

Codeyoung's Coding Program Is Internationally Certified By STEM.ORG

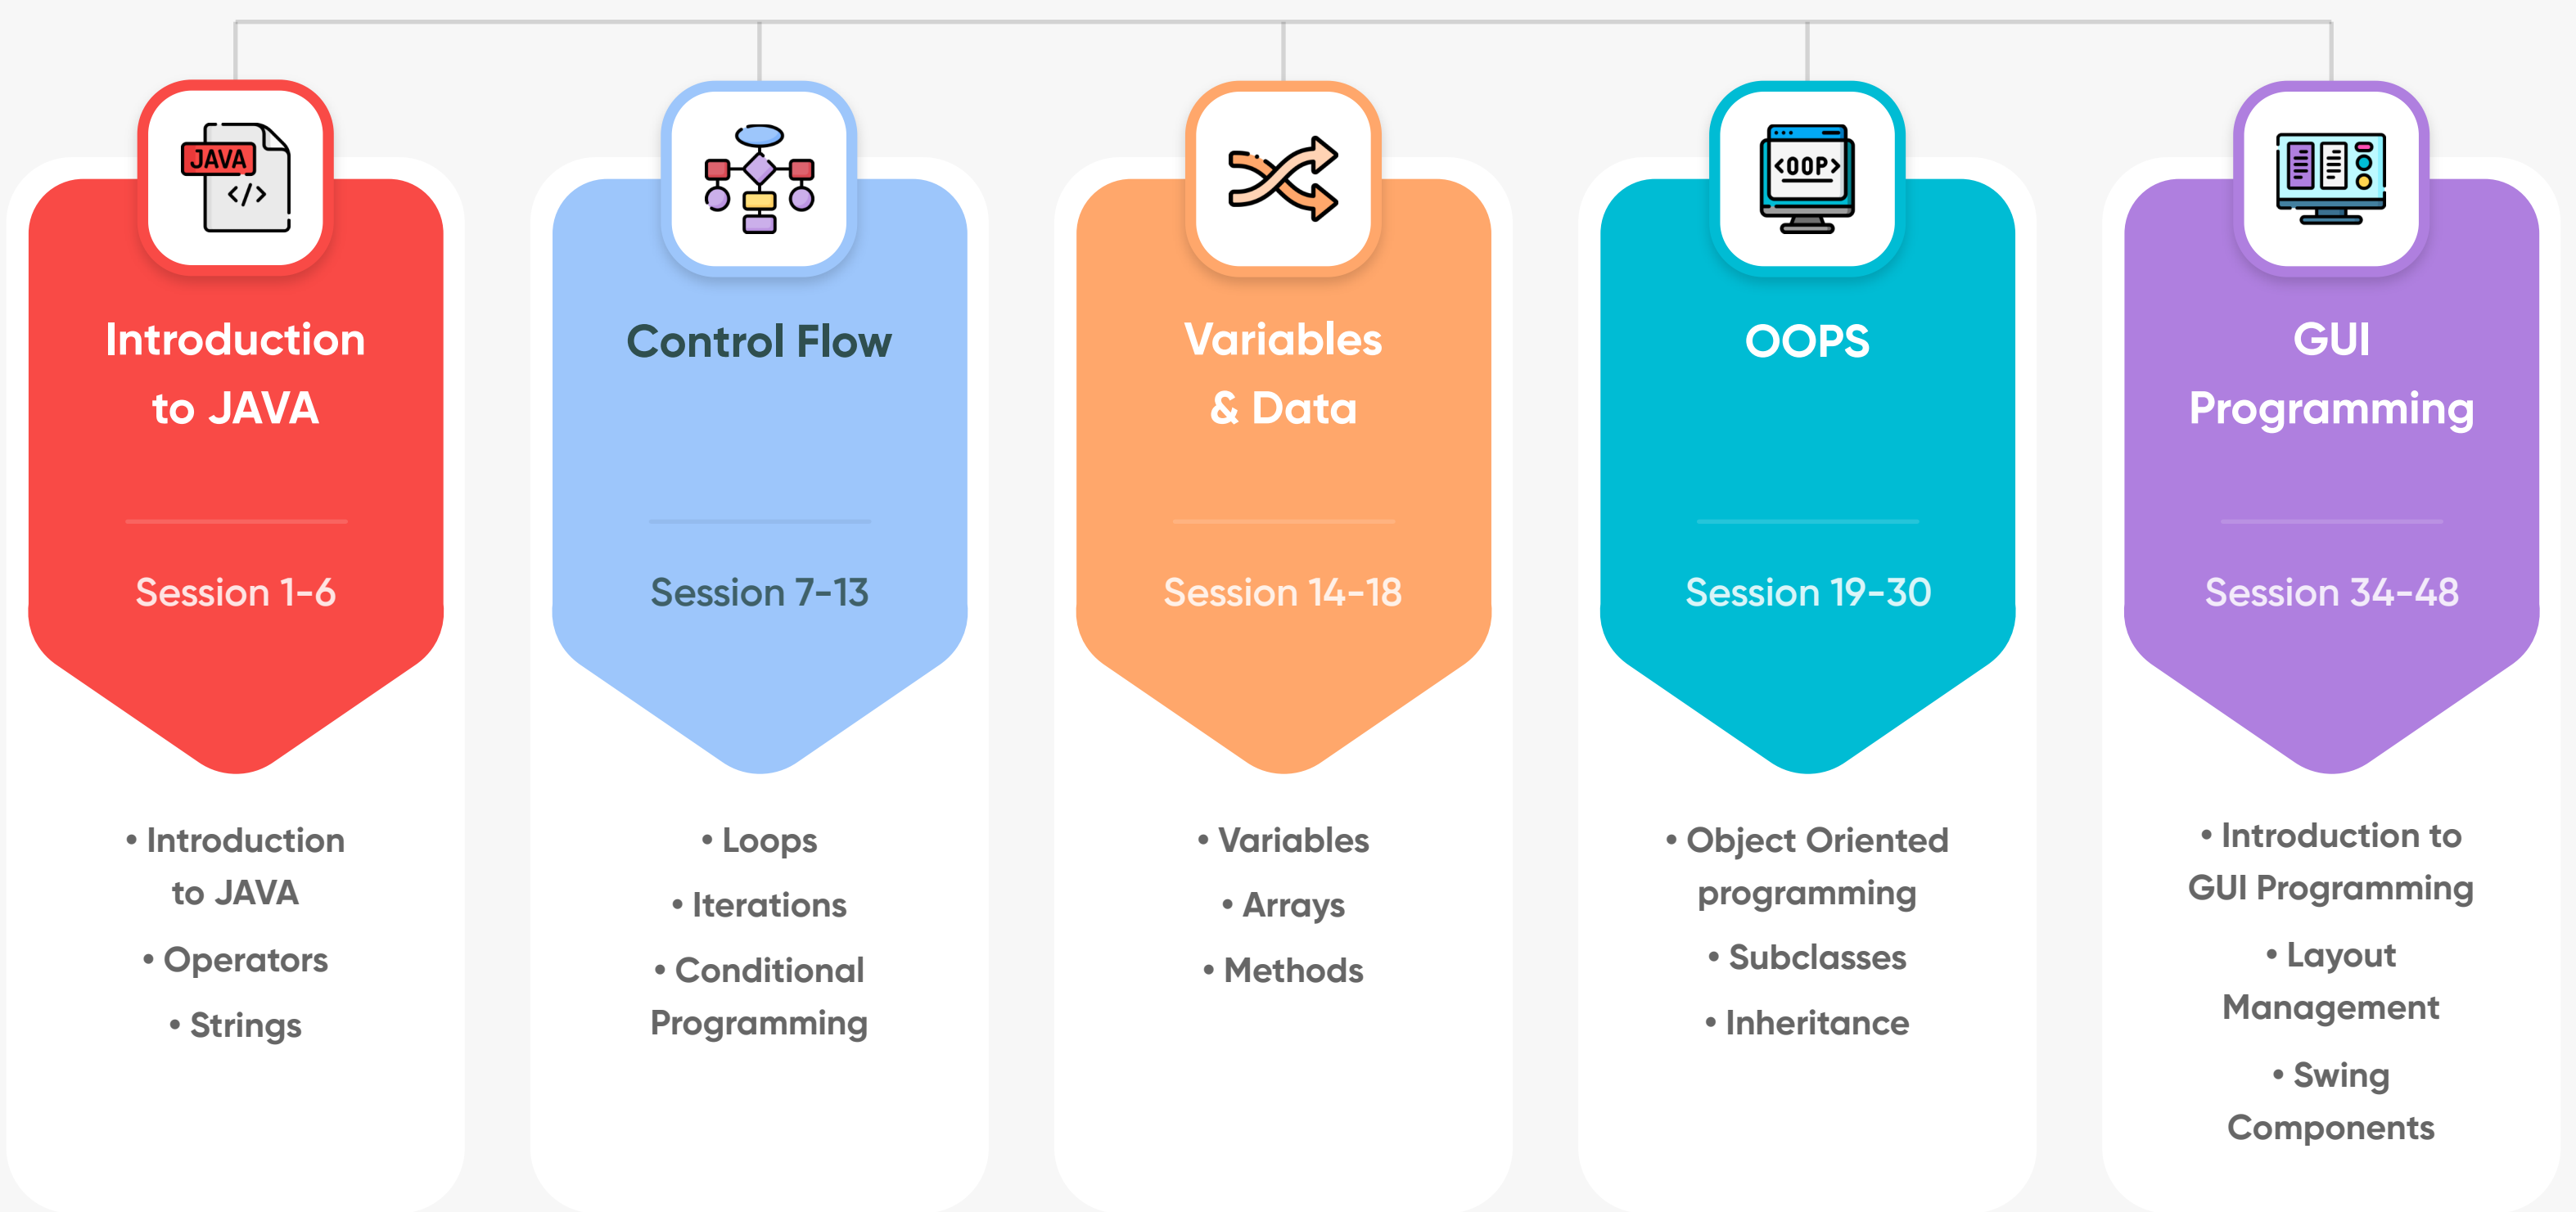

Program curriculum & structure at par with US schools standard.
Verify accreditation - <https://bit.ly/3ijbY7E>

Become A Java Star
Learn Java In Fun Manner

The Path To Mastery

- 48 sessions** - Java Star (Unlocked)
- 96 sessions** - Java Superstar (Locked)
- 144 sessions** - Java Builder (Locked)

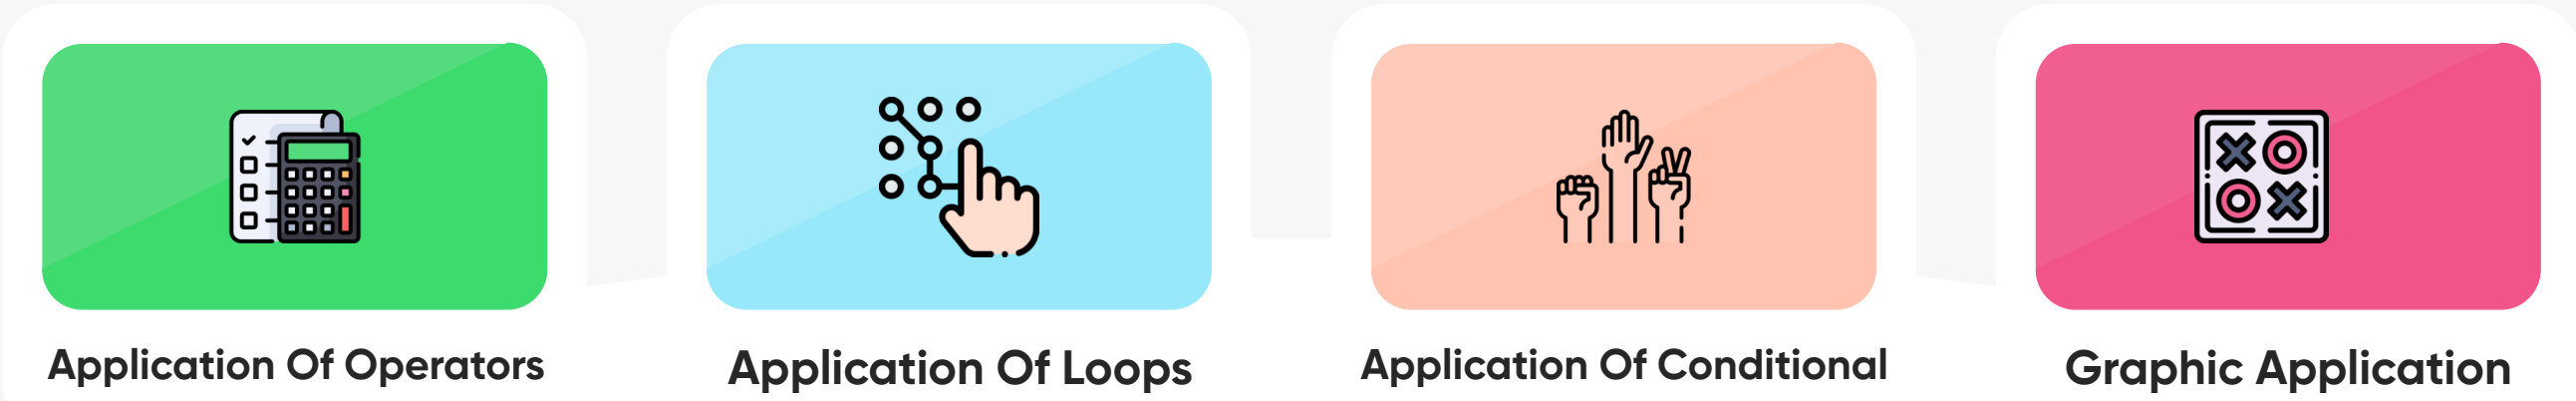

Learn Java In Fun Manner While Building Graphic Applications

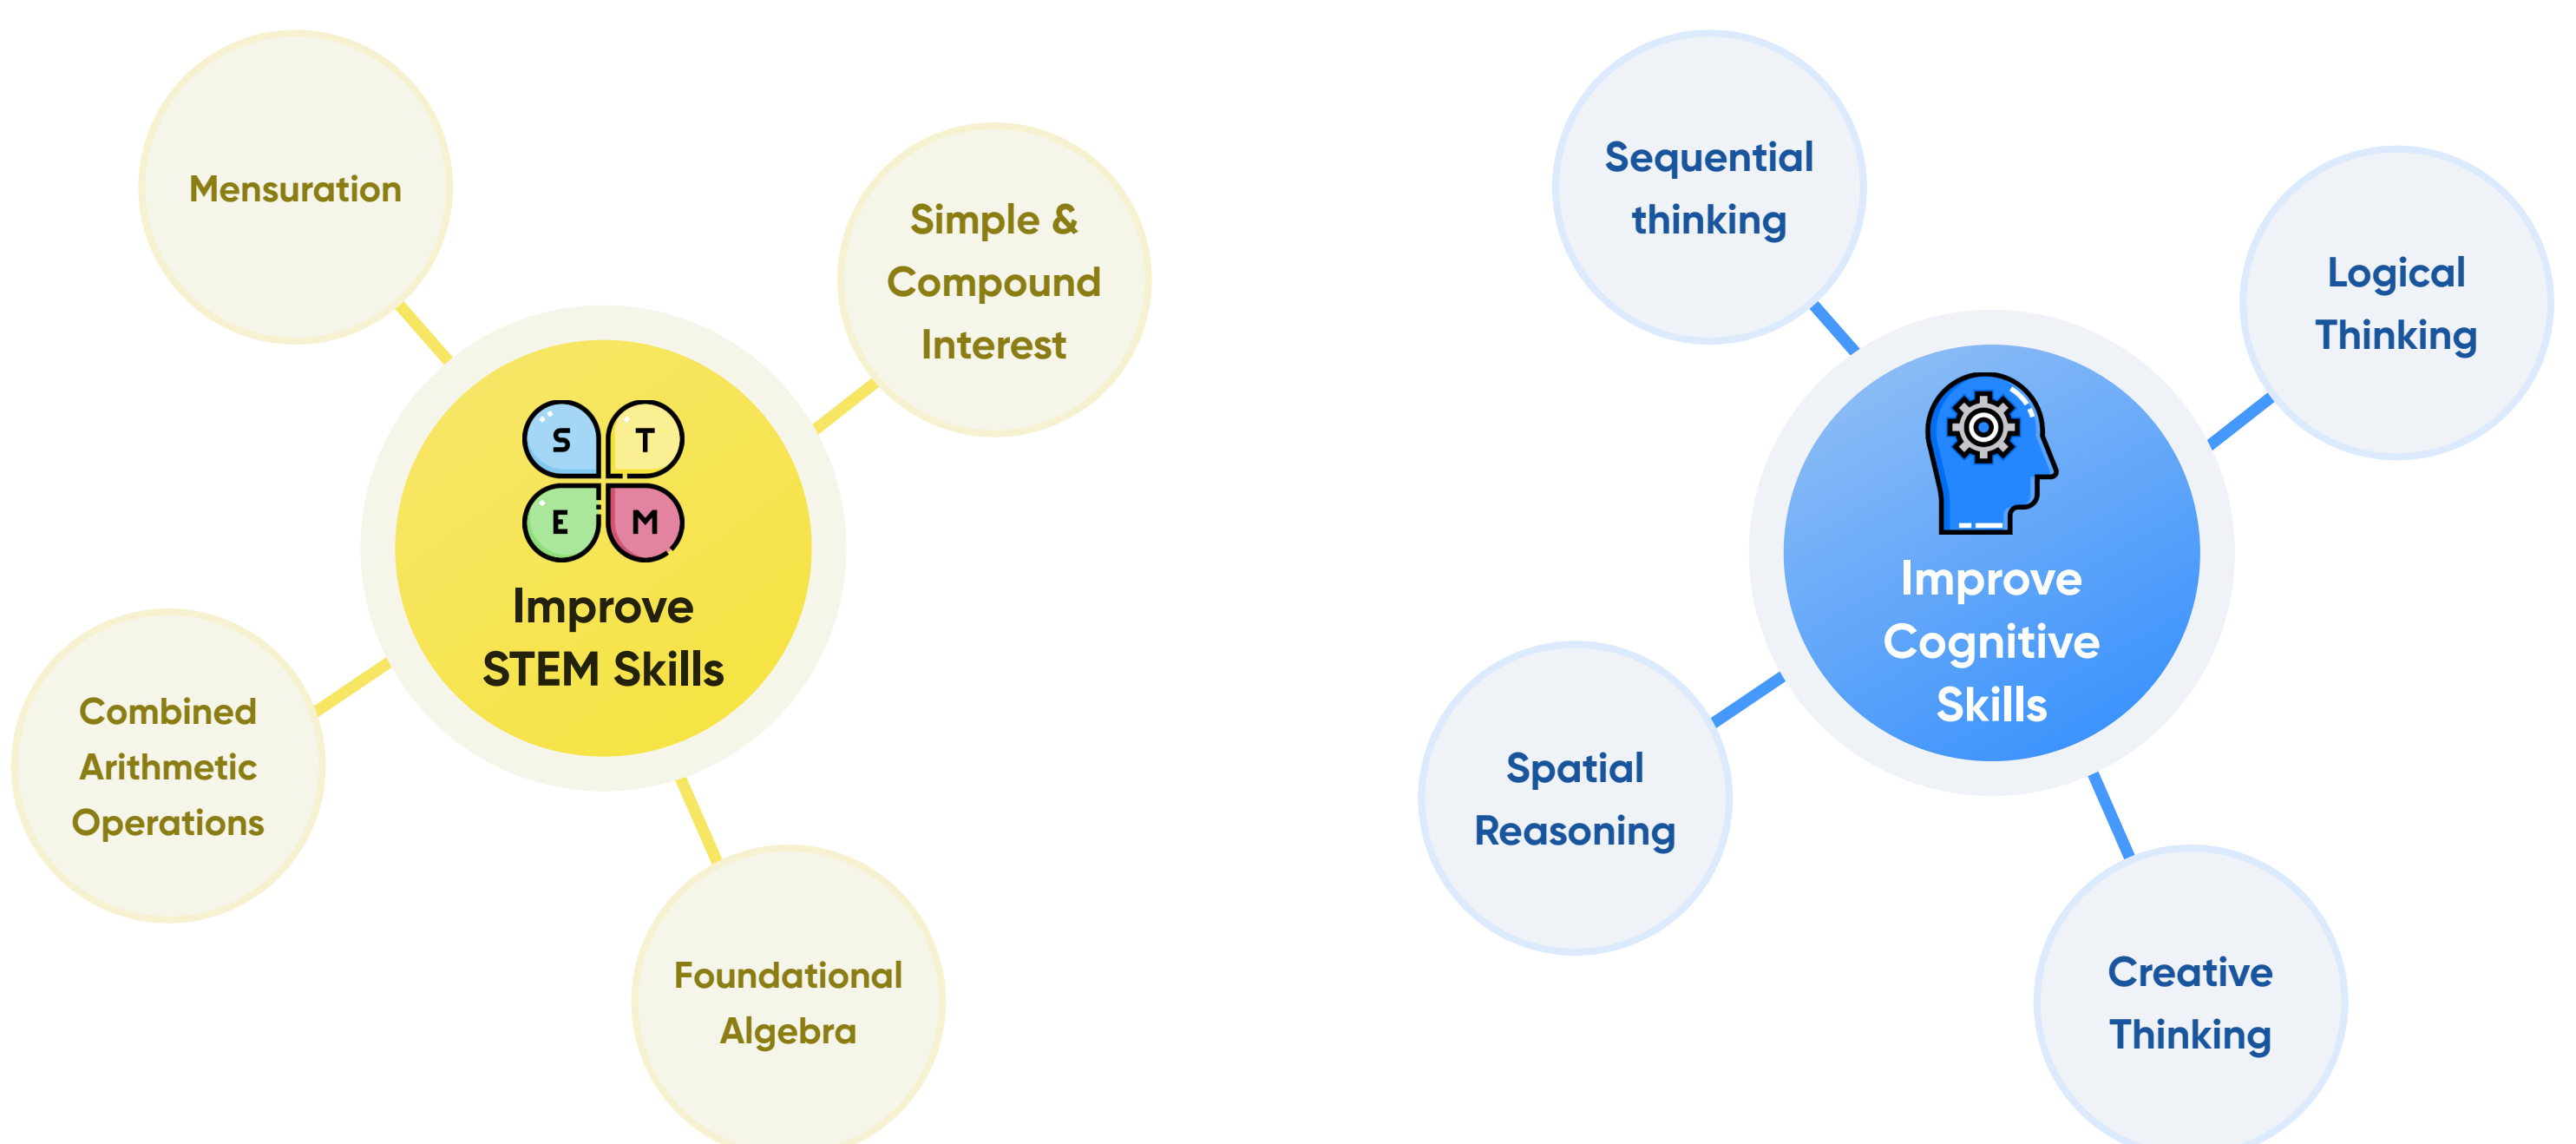

What Will My Child Create?

10 Basic JAVA Programs + **2** Graphic Applications

Examples

Improve STEM & Cognitive Skills Via Coding!

Java & Android App Development (For Ages 12 & Above)

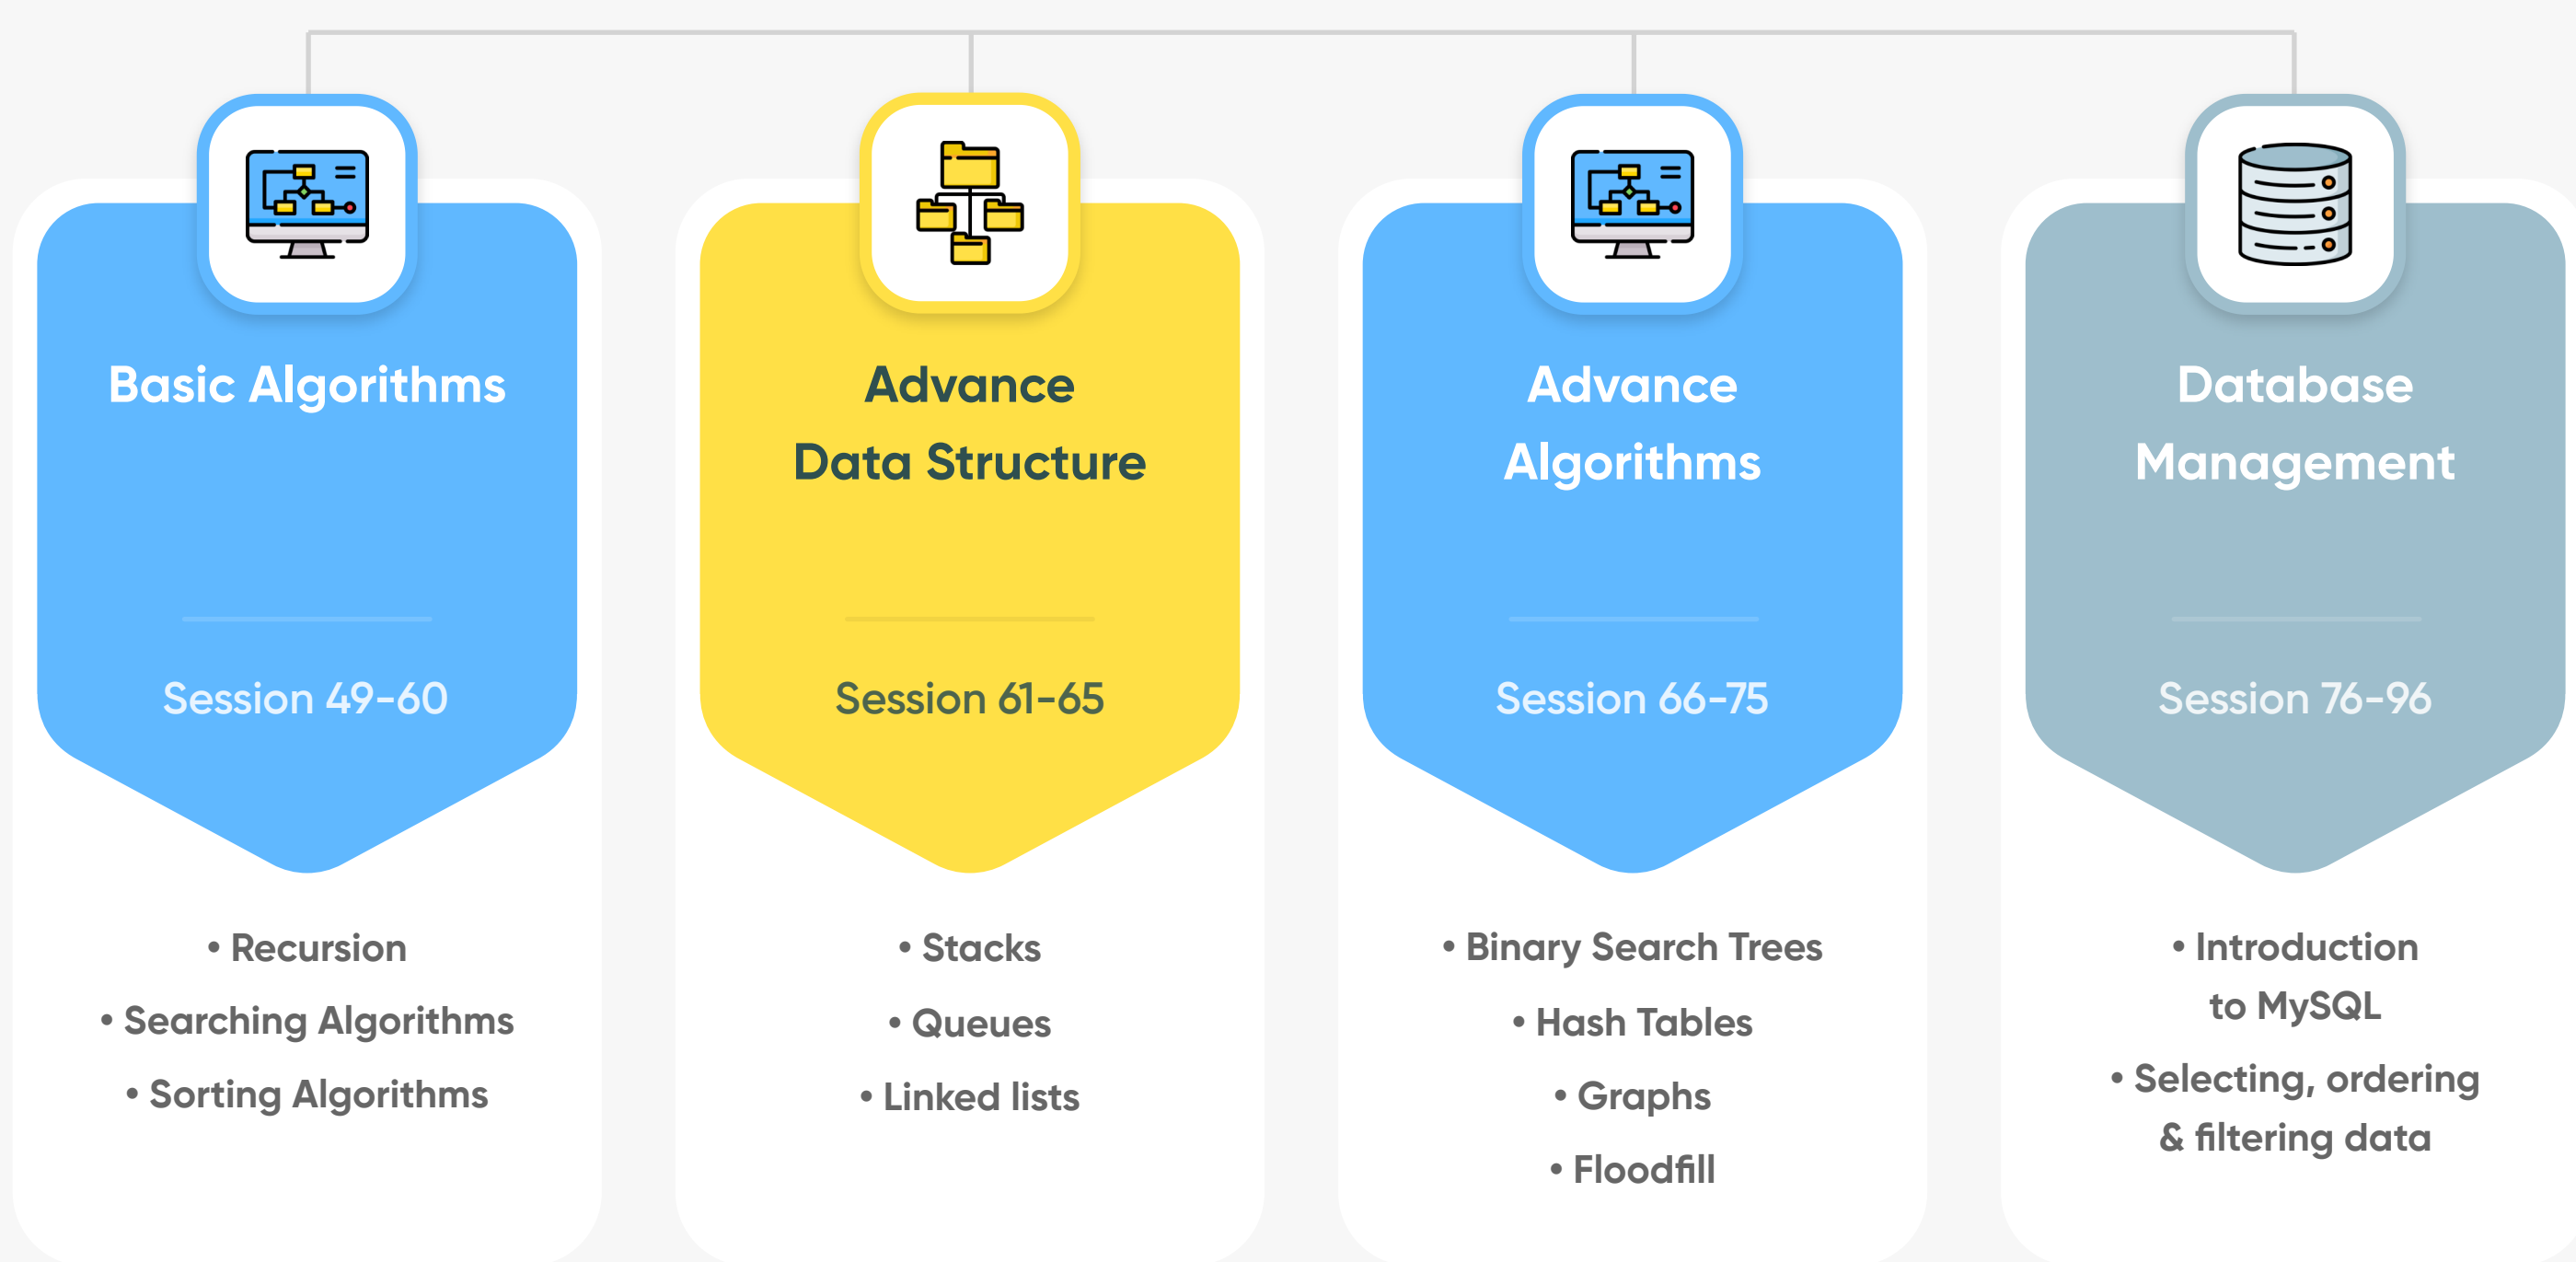

Sessions: 1 - 48 (Page 1) | Sessions: 49 - 96 (Page 2) | Sessions: 97 - 144 (Page 3)

Become A Java Superstar
Learn Advanced Concepts Of Java

The Path To Mastery

48 sessions: Java Star
96 sessions: Java Superstar
144 sessions: Java Builder

Learn Advanced Coding Concepts While Building Advance Applications In Java

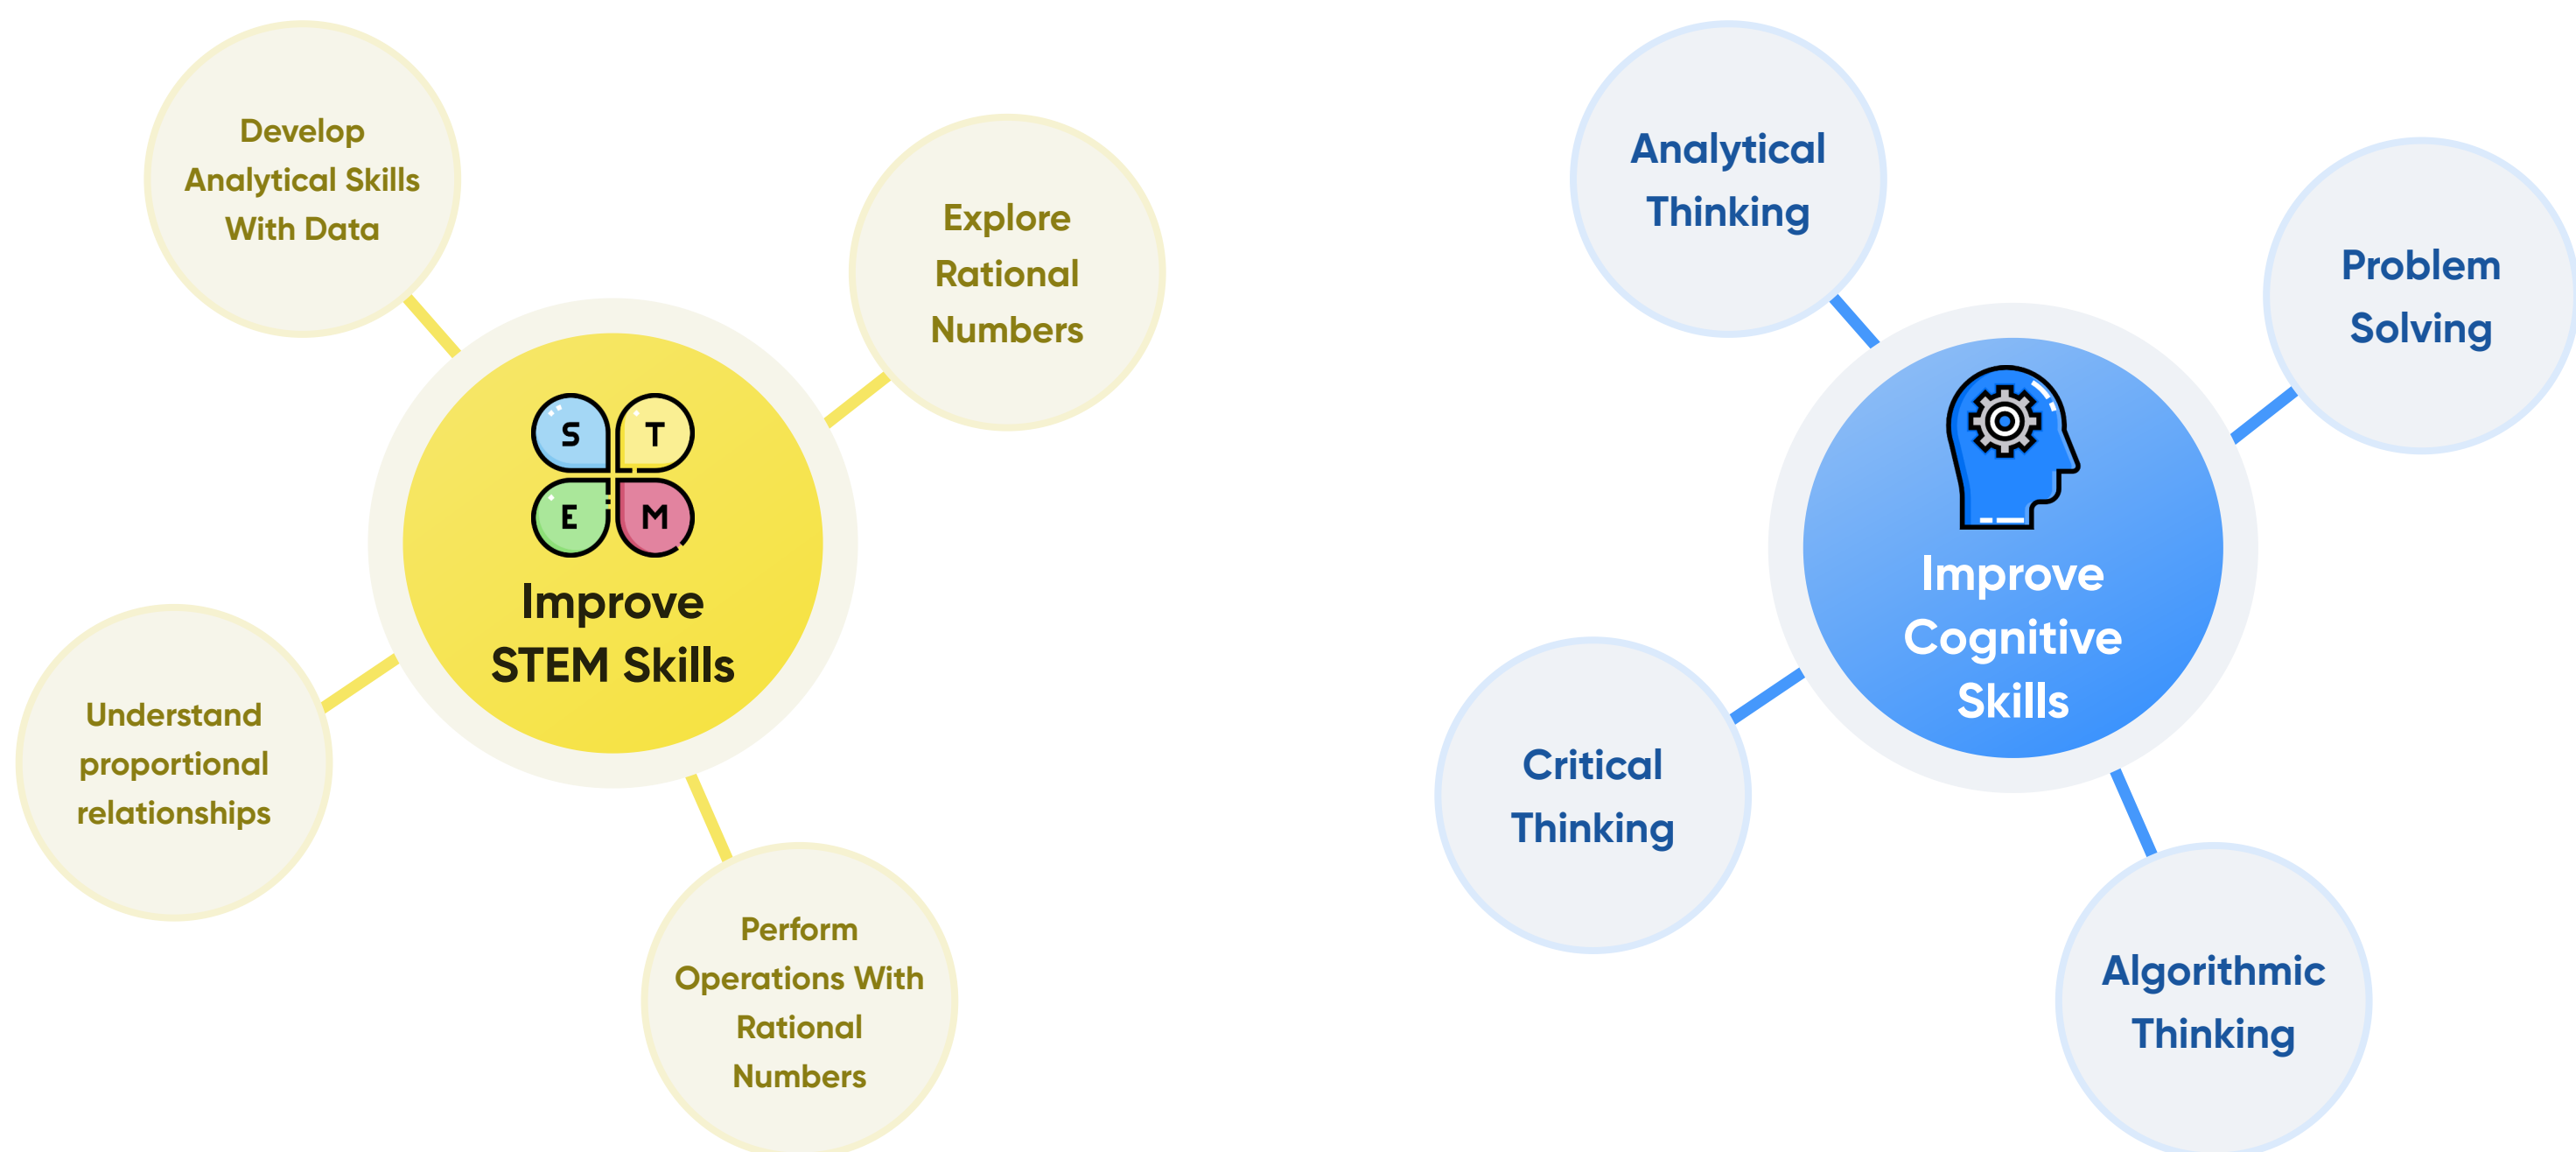

What Will My Child Create?

10 Advance Java Programs + 2 Database Management Projects

Examples

Sort The Numbers | Application Of Data Structures | Application Of Algorithms | Database Applications

Improve STEM & Cognitive Skills Via Coding!

Java & Android App Development (For Ages 12 & Above)

Sessions: 1 - 48

(Page 1)

(Page 2)

Sessions: 97 - 144

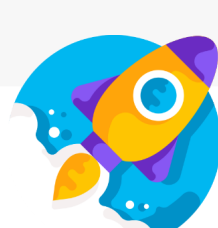

(Page 3)

Become A Java Builder

Learn To Build Full-Fledged Android Apps

The Path To Mastery

48 sessions

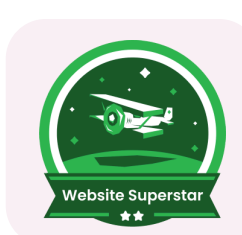

Java Star

96 sessions

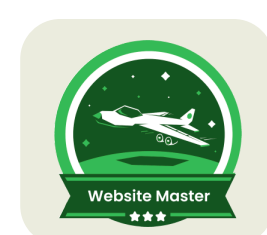

Java Superstar

144 sessions

Java Builder

Learn To Apply Your Coding Skills To Make Android Application Like A Pro

Interaction Designing

Session 97-106

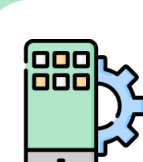

- Introduction to Android Studio & UI Designing

Multi-screen App Dev

Session 107-114

- Menu bar
- Image actions
- Form component
- Dialog box
- Login-screen
- Debugging

Interactive App Dev

Session 115-129

- Styling of application
- Grid Layout
- AsyncTask
- Integration of social Media

Communication in the App

Session 130-137

- Broadcast
- Notifications
- Timer & job scheduler

Packaging Of Application

Session 138-144

- Integration of Database with Application & Firebase

What Will My Child Create?

5

interactive Android Apps

+

2

Full Stack Android App

Examples

Alarm Manager App

Tic-Tac-Toe

Text-To-Speech App

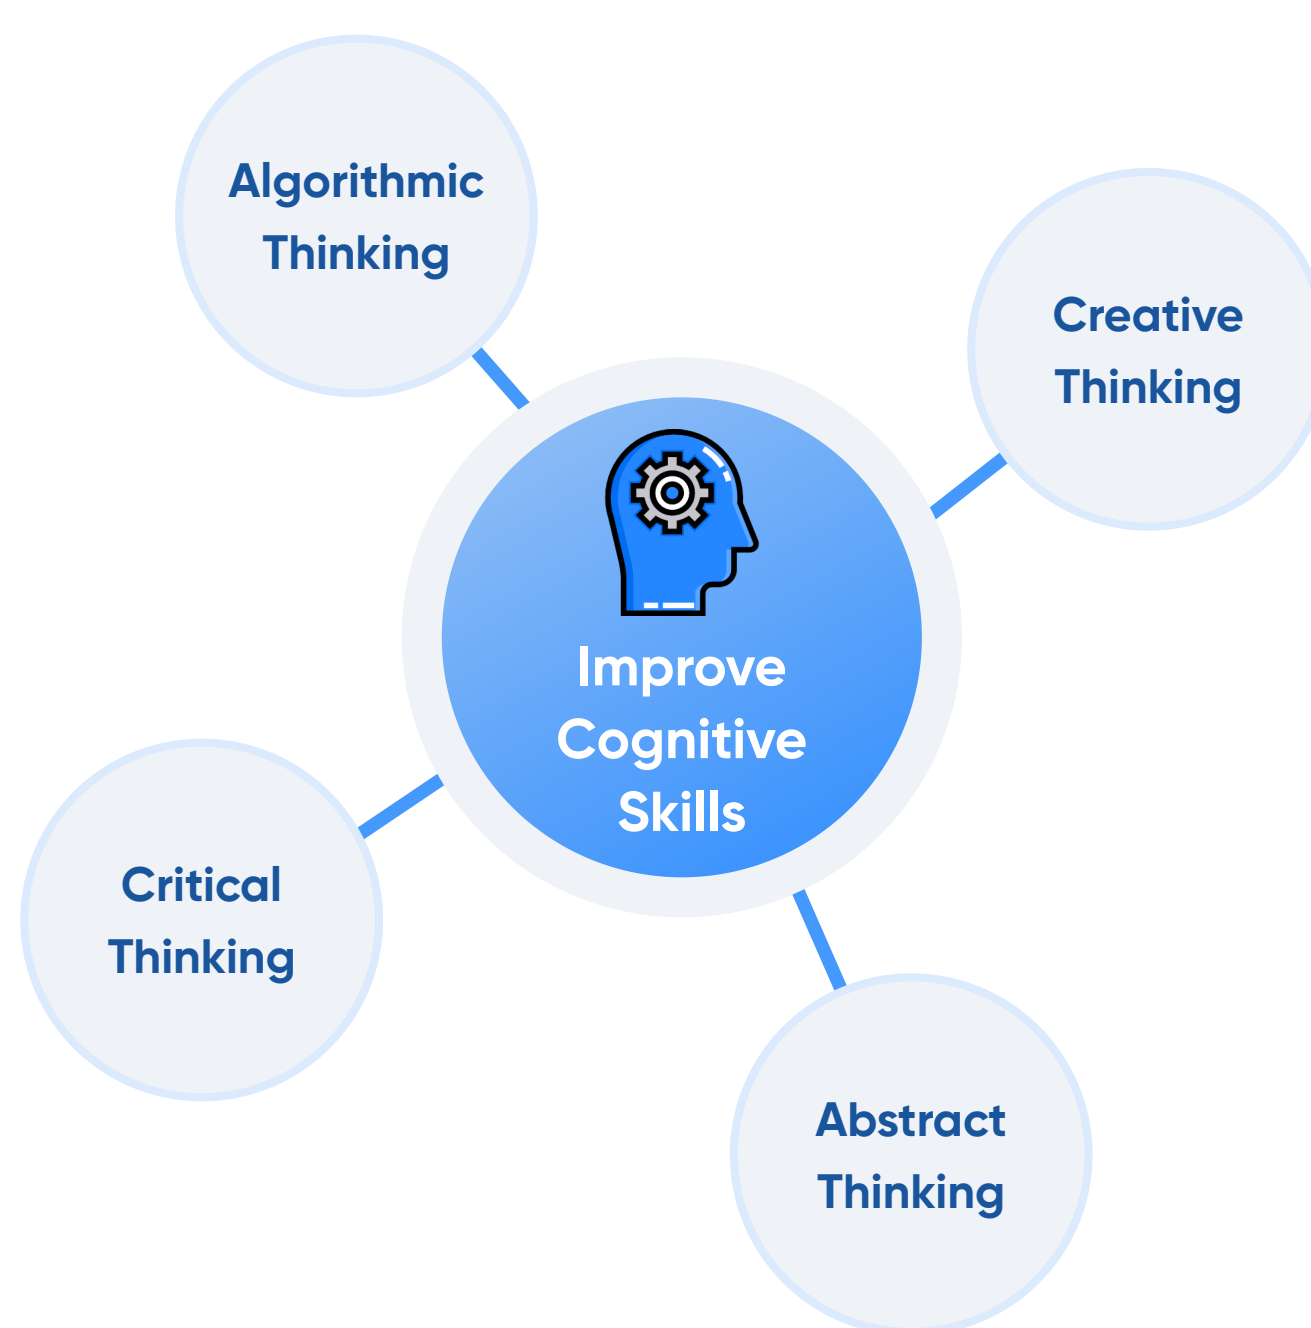

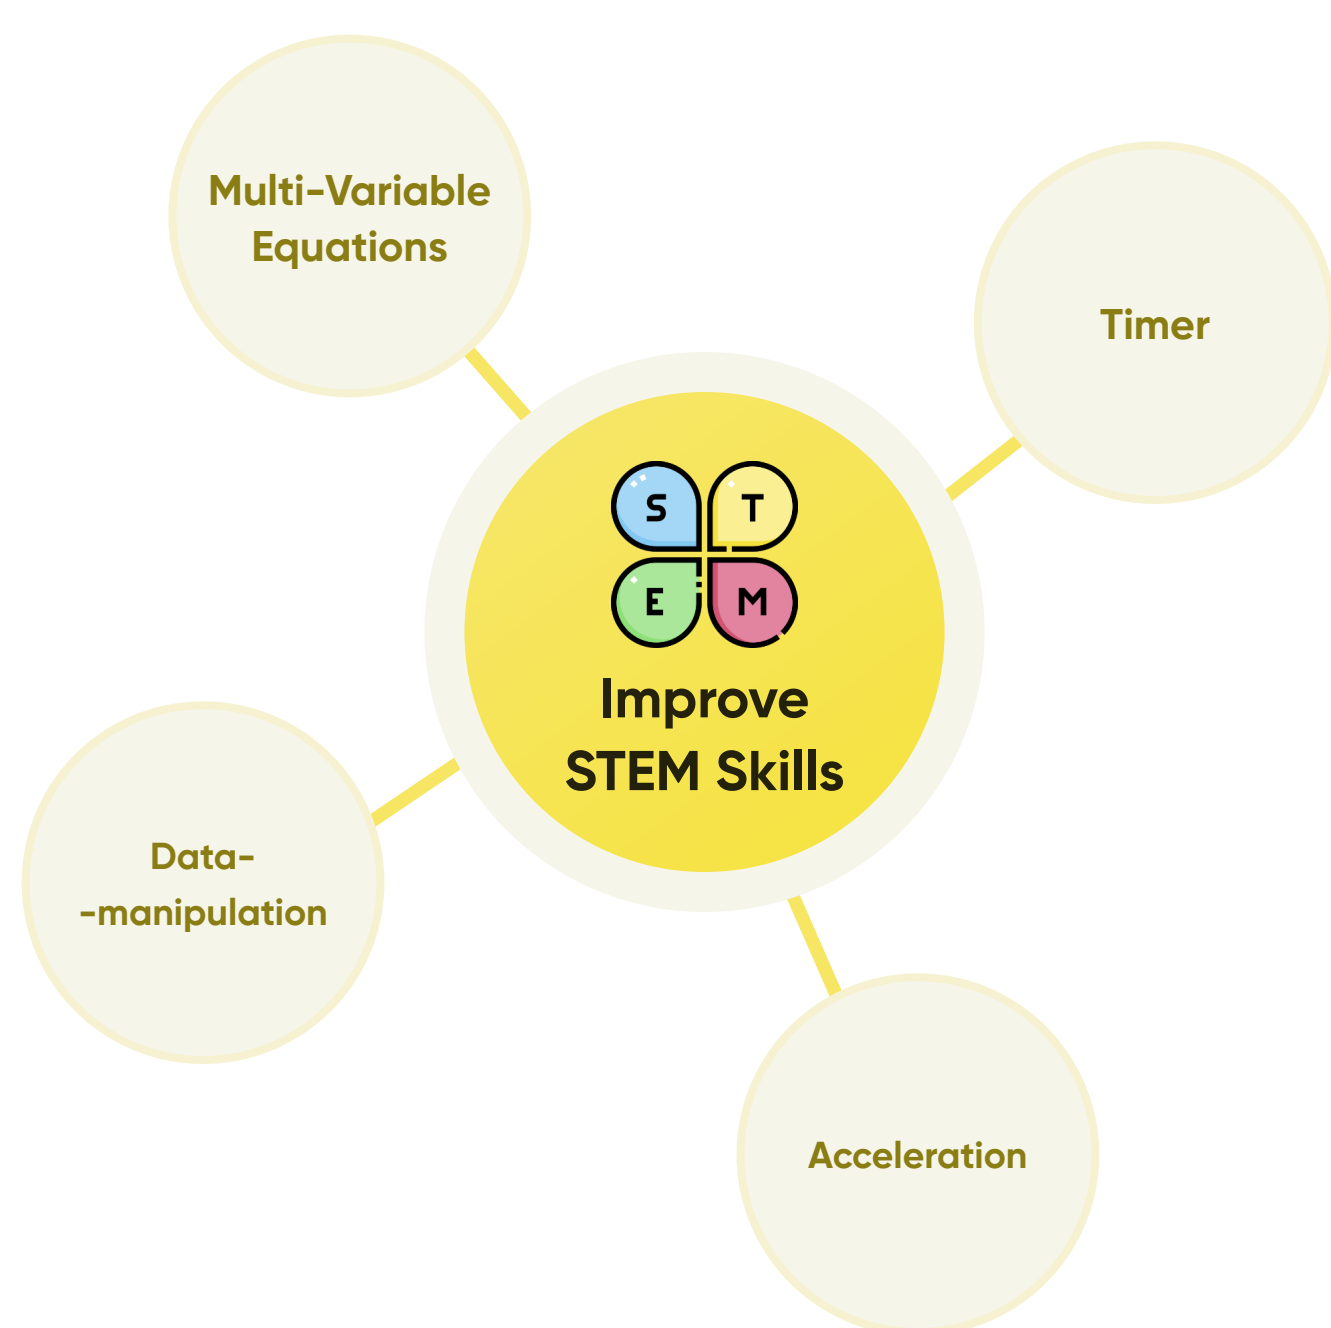

Quiz App

Music Player App

Improve STEM & Cognitive Skills Via Coding!

15-days no questions refund policy

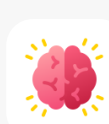

Lifetime access to CY learning content

Easy Monthly-EMI options

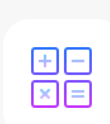

The Codeyoung Promise

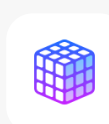

Kids who do well in coding, do much better at school!

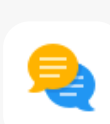

Enchanced Creativity

Better at Math

Improved Logic

Confidence in Communication
